

SNVG DLOC-PVS™

PVS-14 Quick-Connect Rail Mount Adapter

SUMMIT NIGHT VISION DLOC-PVS™

- Quickly attaches the PVS-14 monocular night vision system to any MIL-1913 rail system without throw levers or any tools required
- Simple one-handed, pincher-type motion opens and releases the mount - easy to perform while wearing gloves or without
- Patent-pending locking system will not wear out or warp picatinny rail
- Adjustable ring mounting points allows PVS-14 to be mounted closer to optics than any other known mounts and is compatible with 3X afocal magnifiers
- Lightweight and robust, the mount stays on the PVS-14 while using on head or helmet mount
- Comes compatible with holographic weapon sight height standard (optional centerline heights available for red dot sights, mini-monoculars, etc)
- Mount converts for left-handed operation (right-hand standard)
